

RENTAL OF THE HALL AND MOVIE THEATER FOR PRIVATE SCREENING

Ciné 17 can be rented to organize private events for up to 81 people (72 if excluding the row closest to the screen).

The projection booth is equipped with state-of-the-art material that allows for the screening of any digital media in Cinemascope format (around 8 meters wide), and the three plasma screens in the entrance hall can support any type of file.

The projection booth is also equipped with an oversampling system that guarantees high resolution images, even when originating from non-professional sources (under the sole responsibility of the organizer). Fixed or animated images can also be screened, with or without sound, from a computer placed in the movie theater and directly connected to the main projector. Four microphones (including 1 headset) and a mixing console are also available.

The Ciné 17 theater has 81 full-grain leather reclining armchairs, arranged into nine tiered rows, with double armrests and a tiny table with a dimmed red light. There are also 24 chairs and 12 tables, plus three high tables with matching stools and standing ashtrays that can be set outside, under the canopy, or on the paved terrace adjacent to the theater (from 1 March to 31 October). Lighting can also be customized.

Part of the entrance hall can be used to welcome guests, to check for instance whether they are on the guest list; a red carpet can be rolled out and roped off; the hall can be decorated to better reflect the event and its two glass alcoves can be used to display objects or products; lighting can be customized and coordinated between the hall and the theater, and special posters or any other type of advertisement can be displayed within the theater.

RATES (VAT incl.) & CONDITIONS (individual quotes will be given for each request)

The theater and the hall can be rented for 3h maximum (2h15 for the screening and 45 minutes for the cocktail). You may choose your own caterer, but drinks have to be provided by our bar.
